

**NOVEMBER 16, 2009 FAMILY LAW CASE MANAGEMENT CONFERENCE TENTATIVE  
RULINGS**

Pursuant to Local Rule 13.23, tentative rulings will be issued only for those cases in which both parties have filed a timely case management conference statement or a timely joint case management conference statement. In all other cases, no tentative ruling will be issued and appearances are required.

To request a hearing on any matter on this calendar, you must call the Court at (209) 223-6360 by 4:00 p.m. today. Notice of the intention to appear must also be given to all other parties. If the clerk is not notified of a party's intention to appear, there will be no hearing and the tentative ruling will become the order of the court.

**MARRIAGE OF BELL: 09FC3893**

Of note, although the petitioner's case management conference statement indicates the respondent filed a response to the petition, the Court does not have a response on file.

This matter is continued to March 1, 2010 at 1:30 p.m. in Department 3 for a further case management conference.

New case management conference statements are required.
